Atelier

Search tips

Search answers as you type, forgives a typo and reads the words inside your PDFs. Press ⌘ K anywhere, then narrow it down with the filters below.

FILTERS

`in:files`	Only files, including words inside PDFs. brochure in:files
`project:harbour`	Only one project. A part of its name is enough. poster project:harbour
`from:aiko`	Cards, notes and comments by one person. approved from:sofia
`due:this-week`	Cards due this week. Also `due:overdue` and `due:2026-11`.
`type:pdf`	Files of one type: pdf, image, video, sketch.
`"exact words"`	Quotes match the words in that order. "harbour blue"
`-word`	Leave out results with that word. logo -draft
